

# STERILIZER PRODUCT RANGE

## TRIMMER STERILIZER

Sterilization by  
water spray  
with water  
> 65°C

Optimized air  
and energy  
consumption

Optimized  
interface to  
insert all  
trimmers brands

Automatic start  
with inductive  
sensor

### Main characteristics

Cleaned product	Trimmers
Height	314 mm
Width	204 mm
Depth	282 mm
Watertightness	IP66
Cycle duration	10s to 60s
Raw material	Stainless steel
Additional products	Trimmers, possibility to be controlled by PLC (842)
TERMET part number	841
