

## COMPACT CARCASS SPREADER STERILIZER

Sterilization by  
water spray  
with water  
> 65°C

Optimized air  
and energy  
consumption

Optimized  
interface to  
insert the  
carcass spreader  
feet

Automatic start  
with inductive  
sensor

### Main characteristics

Cleaned product	Carcass spreader
Height	173 mm
Width	278 mm
Depth	200 mm
Watertightness	IP66
Cycle duration	10s to 60s
Raw material	Stainless steel
Additional products	Carcass spreader
TERMET part number	872
