

LIGHT ECOJET

Efficient wash
using minimum
of water

Spraying or
direct flow by
pressing the
control lever

Light weight and
robust with
external
elastomeric
cover

Suitable for all
food industries

Main characteristics

Available colors	Blue, white and red
Maximum operating temperature	85°C
Maximum water pressure	10 bars
Average flow under 4 bars	2.3 m3/h
Weight (without connector)	390 g
Raw material	plastic
Additional products	Wash nozzle, TC570, standard ECOJET
TERMET part number blue	4512
TERMET part number white	4513
TERMET part number red	4776
